

## Block Grabs & Block Splitters

All our Block Grabs are in excellent working condition. They are hired as an individual item, therefore lifting plant such as excavators or our Hiab Lorry are charged at their own rate.

We can also supply you with Concrete Kerbs, Engineering Bricks or Paving Blocks!

A Block Splitter is a useful tool when laying block paving. They can save a lot of time when adding those finishing touches!

Please contact us for full details and free quote.
